Createspace Independent Publishing Platform, United States, 2011. Paperback. Book Condition: New. 214 x 138 mm. Language: English . Brand New Book ***** Print on Demand *****.The ideas and techniques featured in Patient Sedation Without Medication were conceived and refined in clinical practice. By following the book's step-by-step guidelines, healthcare professionals can help their patients better cope with anxiety and pain when undergoing their procedures; thus enabling patients to either forgo or reduce their needs for medication. Authors Elvira Lang, MD-one of the world's leading experts in procedure hypnosis-and Eleanor Laser, PhD-clinical psychologist and international advocate of procedure hypnosis-drew on extensive controlled research with more than 700 patients, and 17 years of field experience in writing Patient Sedation Without Medication. Lang and Laser really get it; patients' fears, their helplessness when caught in the midst of medical procedures, and the huge need of patients to be treated with dignity and respect. - Judy Foreman, Nationally Syndicated Health Columnist Winner of the 2010 Arthur Shapiro Award for Best Book on Hypnosis- Patient Sedation Without Medication contains detailed ready-to-use examples, scripts, and authentic case studies to provide practical help for doctors, nurses, medical and radiological technologists, chiropractors, dentists, phlebotomists, physical therapists, and other caregivers. Also, the book will benefit patients who will learn how their well-being can be improved. The book prepares you for instant application of the techniques. In fact, you can begin practicing Patient Sedation Without Meditation techniques just minutes after reading the book!.
