First Year Science (Classic Reprint)

By William Henry Snyder

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from First Year Science First Year Science deals with the earth and the sun in their relations to man. This treatment has three advantages: it gives the book unity; it gives practical interest; and it offers all the earth science needed to meet such requirements as those of the College Entrance Examination Board. The book is meant for immature students. For this reason the language is simple, not technical, and the principles are thoroughly illustrated by experiments and pictures. A treatment too terse and condensed tends to confuse young students; hence the topics in First Year Science are sufficiently discussed to enable young pupils to master them with ease. All subjects of elementary school science - physics, chemistry, meteorology, botany, zoology, physiology, astronomy, physiography, forestry, and agriculture - are treated, so that the pupil can find out for himself which ones he wishes to study later in the course. The book is complete in itself; no reference library, no manual, is needed. The experiments require only the simplest apparatus. In most cases the mere reading of...
