Reviews

Complete guide! Its such a good go through. It is rally fascinating throgh reading period of time. Its been written in an extremely basic way and is particularly only after i finished reading through this publication through which really changed me, change the way i really believe.

(Mrs. Macy Stehr)

HANNAH ARENDT

Columbia University Press, United States, 2003. Paperback. Book Condition: New. Revised ed.. 221 x 142 mm. Language: French,English . Brand New Book. Twenty-five years after her death, we are still coming to terms with the controversial figure of Hannah Arendt. Interlacing the life and work of this seminal twentieth-century philosopher, Julia Kristeva provides us with an elegant, sophisticated biography brimming with historical and philosophical insight. Centering on the theme of female genius, Hannah Arendt emphasizes three features of the philosopher s work. First, by exploring Arendt s critique of Saint Augustine and her biographical essay on Rahel Varnhagen, Kristeva accentuates Arendt s commitment to recounting lives and narration. Second, Kristeva reflects on Arendt s perspective on Judaism, anti-Semitism, and the banality of evil. Finally, the biography assesses Arendt s intellectual journey, placing her enthusiasm for observing both social phenomena and political events in the context of her personal life. Drawing on fragments of Arendt s most intimate correspondence with her longtime lover Martin Heidegger and her husband Heinrich Blucher, excerpts from her mother s *Unser Kind* (a diary tracking Hannah s formative years), and passages from Arendt s philosophical writings, Kristeva presents a luminous story. With a thorough thematic index and bibliographical references, *Hannah Arendt* is a major breakthrough in the understanding of an essential thinker.
