Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from **Municipal Ownership: With a Special Survey of Municipal Gas Plants in America and Europe; Comprising a View of the General Principles of Public Ownership; Its Relation to the Public Welfare; With a Specia** Study of Gas Works in American and European Cities Under Both Public A Because of intimate relations early in life with the railroads, telegraph and other public utilities, the conviction came to me that the corporations operating them were not only usurping functions which rightly belonged to the government, but were rapidly becoming so rich and powerful as to be a serious menace to liberty, justice and democracy, in defiance of which, private monopoly ever sought to control the making and administration of law. Believing it to be the duty of every citizen to contribute from his powers or experiences whatever would best promote the common good, I have for over thirty years made a special study of public utilities under both public and private ownership in our own and in foreign countries. This little book, while giving a brief view of the general principles involved in public ownership, is largely a plain and homely contribution to a discussion of but one of the important necessities of life. The facts and data given have been gathered through many years of personal study and investigation, both in our own and foreign countries, and are supported by the highest official authorities. As one who turns a hopeful face toward the days of reconstruction ahead of us when the spirit of genuine democracy shall rule the earth, so I now present, as amply expressing my own idea of what should be the future attitude of...
