Customer Royalty a comprehensive outside-in business experience on Panera Bread Company s proactive customer service culture. Despite excessive enthusiasm, Stephen Thompson does offer insight into how a company can succeed by remaining focused on core values and commonsense approach towards customer experience. While there are no revolutionary conclusions, the author convinces that with a balanced combination of product innovation, customer oriented technology, employee focused leadership and corporate citizenship duties, a proactive customer centric environment can be formed. This book is not all about business success it s more on star sustainability. Keywords: Customer Service, Employee retention, Business Case, Loyalty marketing, Consumer behavior, Panera Bread.
