

The Validity of Gains in Scores on the Kentucky Instructional Results Information System (Kiris) (Hardback)

Filesize: 5.02 MB

Reviews

The book is fantastic and great. it was writtern really perfectly and useful. I discovered this pdf from my i and dad suggested this book to learn.

(Dr. Cordie Upton III)

THE VALIDITY OF GAINS IN SCORES ON THE KENTUCKY INSTRUCTIONAL RESULTS INFORMATION SYSTEM (KIRIS) (HARDBACK)

RAND, United States, 1999. Hardback. Book Condition: New. 272 x 216 mm. Language: English . Brand New Book. In recent years, in an effort to avoid the degradation of instruction and inflation of test scores that often occurred when educators were held accountable for scores on multiple-choice tests, policymakers have experimented with accountability systems based on performance assessments. The Kentucky Instructional Results Information System (KIRIS), which rewarded or sanctioned schools largely on the basis of changes in scores on a complex, partially performance-based assessment, was an archetype of this wave of reform. It is not a given, however, that performance assessment can avoid the inflation of scores that arises when teachers and students focus too narrowly on the content of the assessment used for accountability rather than focusing on the broad domains of achievement the assessment is intended to measure. Accordingly, this study evaluated the extent to which the large performance gains shown on KIRIS represented real improvements in student learning rather than inflation of scores. External evidence of validity--that is, comparisons to other test data--suggests that KIRIS gains were substantially inflated. Even though KIRIS was designed partially to reflect the frameworks of the National Assessment of Educational Progress (NAEP), large KIRIS gains in fourth-grade reading from 1992 to 1994 had no echo in NAEP scores. Large KIRIS gains in mathematics from 1992 to 1994 in the fourth and eighth grades did have some echo in NAEP scores, but Kentucky's NAEP gains were roughly one-fourth as large as the KIRIS gains and were typical of gains shown in other states. The large gains high-school students showed on KIRIS in mathematics and reading were not reflected in their scores on the American College Testing (ACT) college-admissions tests. KIRIS science gains were accompanied by ACT gains only one-fifth as large. Internal...
