VOLCANO RISING

Charlesbridge Publishing,U.S., United States, 2013. Paperback. Book Condition: New. 274 x 212 mm. Language: English . Brand New Book. Volcanoes are a scary, catastrophic phenomenon that creates mass destruction as far as its deadly lava can reach, right? Not quite . . . Elizabeth Rusch explores volcanoes in their entirety, explaining how they re not all as bad as they re made out to be. Using examples of real volcanoes from around the world, Rusch explains how some volcanoes create new land, mountains, and islands where none existed before, and how the ash helps farmers fertilize their fields. Simple, straight-forward prose provides readers with the basics, while a secondary layer of text delves deeper into the science of volcanoes. Susan Swan s bright and explosive mixed-media illustrations perfectly complement the subject matter--they depict volcanoes in all their destructive and creative glory. Complete with a glossary and list of further resources, VOLCANO RISING is a unique look at a fierce, yet valuable, scientific process.
