MOVE MOUNTAIN MOVE DARING TO RISE ABOVE THE ORDINARY.**DOWNLOAD**

AuthorHouse. Paperback. Book Condition: New. Paperback. 108 pages. Dimensions: 8.8in. x 5.9in. x 0.2in. Move Mountain Move is a compilation of inspirational and motivational anecdotes, stories, and poems that cut straight to the heart of the reader. Hardly could one read this book without being forever challenged to collect the shards in his/her life and rise above the ordinary. The mountains are metaphors for those pesky obstacles that present themselves as deficits. Their goal is to discourage peace, prosperity, harmony and self-actualization. And the mountain-mover is the individual who dares to move beyond those obstacles and demonstrate that with the right stuff there is no mountain that cannot be conquered. In the various pieces which are primarily real-life accounts, it is as if the reader is presented with a torch, which, when lit, provides much-needed impetus to aid him in his climb. When an individual reaches a crossroad in his life, there is an epiphany. When this happens, either he becomes discouraged and collapses at the very sight of the mountain, or he seeks ways to defy the odds. No matter your social or economic status, those crossroads will appear at some point, and there is no running away from them. That's where Move Mountain Move comes in - it is a tremendous tool to help crush those mountains in your life. If you are fired up for change after reading Move Mountain Move, you are not alone! Move Mountain Move is intended for all ages. It has been deliberately written for easy reading. The valuable lessons and insights offered, however, can make a huge difference between defeating the mountains in your life and crumbling under them. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
