These qualities adapt them to the use of memory, being so brief that they are no burden to the mind, and so comprehensive that they are susceptible of being expanded into a full system of inspired truth. But this very excellence is the source of the greatest disadvantage which has been found in the use of the Catechism in the indoctrination of the young. For the terms of the definitions, though easily retained, are neither so easily committed nor understood as they would be if they were more diffuse and less technical. Hence it is so common to find children averse to the task of committing the answers, and when they have accomplished this, appearing to have very faint ideas of their meaning.
